SUBJECT Plans for Transfer of Magdeburg
Plant Equipment to USSR

INFO. [REDACTED]

DIST. 25 October 1947

ORIGIN 25X1A6a [REDACTED]

25X1X6

PAGES
SUPPLEMENT [REDACTED]

The Technisches Büro MSF, located in the Schaeffer & Budenberg factory compound in Magdeburg, has been very active since early September drawing up plans for the transfer to Russia of machines and equipment of Schaeffer & Budenberg, Maschinfabrik Polte, and the Gruson-Werk.

Captain Baizer, an engineer, is working on plans for the manufacture and delivery of material, most of which is intended for a large new plant in Orsk which will produce fittings. The plans are based largely on the layouts of the Polte and Schaeffer & Budenberg factories.

Technisches Büro MSF is again recruiting experienced engineers from the fittings industry. Those who accept the favorable conditions listed in three-year contracts are scheduled to go to Orsk during autumn 1947.

25X1A6a

Comment: For the record, a 22 July 1947 report stated that the Technisches Büro MSF occupied a section of the Polte plant in Magdeburg.
